FOR YOUR IMMEDIATE ATTENTION

RE: BRANDON VALLEY LINKED TO FRAUDULENT ENTERPRISES

Further to our community alerts dated August 13th, 2025 and September 6th, 2025, the T&T Performing Arts Network hereby advises the public that **Mr. Brandon Darren Valley**, along with any enterprise that is associated with Mr. Valley, has been placed on our **DO NOT WORK LIST**. These enterprises include, but may not be limited to:

1. Rulers of All Dynasties Marketing Solutions (R.O.A.D)
2. 1990 The Movie
3. One Percent Fashion

This determination was made after:

1. Receiving verbal and written communication from Mr. Valley about his intention to produce a film titled or tentatively entitled '1990' through the company - Rulers of All Dynasties Marketing Solutions (R.O.A.D), and his interest in engaging our casting publication service for this project.
2. Disqualifying Mr. Valley's casting call from publication due to numerous irregularities in his submissions.
3. Initiating a background check through which multiple independent allegations of fraud and misconduct were discovered against Mr. Valley dating from 2019 - 2025.
4. Becoming aware of irregular casting call application requirements connected to an external social media account, bearing identical branding to the 1990 project that was submitted through our casting publication platform.
5. Reviewing evidence of correspondence that is consistent with fraudulent schemes, the suspicions raised, and allegations discovered against Mr. Valley, between R.O.A.D's digital communication platforms, and individuals being engaged for a project called '1990 The Movie'.
6. Reviewing evidence suggesting deliberate attempts to conceal the identity of the person(s) operating through R.O.A.D. 's communication platform for the purpose of the project, and attempts to suppress inquiries of same from engaged parties.

7. Reviewing evidence which suggests that Mr. Valley appropriated the identities of at least two persons, including a 22 year old male model, and 39 year old filmmaker, and presented them as the “faces” behind the project.
8. Reviewing evidence that Mr. Valley had access to, and had been communicating with other parties unrelated to the project, via these platforms during the period in question.
9. Confirmation via public documents that Mr. Valley is one of the two owners of R.O.A.D.

Further investigations have also revealed Mr. Valley’s and R.O.A.D’s association with several other fraudulent schemes, including **One Percent Fashion** and its MET Gala-themed event “*Caribbean Couture*” held in May 2025. We have since received testimonies from multiple independent service providers engaged for that event who reported receiving fraudulent payment claims from Mr. Valley for their contributions. They have also reported that calls to Mr. Valley in this regard have gone unanswered.

At this stage, it is unclear if other persons associated with R.O.A.D may be complicit in what appears to be an intentional exercise to use creative enterprises as a vehicle to engage in fraudulent activities. We have, however, noted with concern that our multiple calls to the second owner listed on R.O.A.D.’s public documents have gone unanswered.

Our investigations indicate a troubling pattern of Mr. Valley repeatedly positioning himself in proximity to the creative sector. Without timely intervention by the relevant authorities—and without vigilance from the media and wider institutions, we believe Mr. Valley will continue pursuing schemes intended to defraud citizens of Trinidad and Tobago, and cause significant financial and reputational harm to stakeholders in the performing arts and creative industries.

To safeguard our community, this matter has been escalated to higher authorities. We strongly advise the public to **exercise extreme caution if engaging with any enterprise connected to Mr. Brandon Darren Valley**, including, **but not limited to** R.O.A.D and its subsidiaries, *1990 The Movie*, and One Percent Fashion.

Identifying images of the aforementioned have been provided on page 3 of this document.

If you have engaged with any of the above, and believe your testimony would be of interest to the case, you are encouraged to contact the Trinidad and Tobago Police Service Fraud Squad at **(868) 612-2470 ext 15083, or ext 15084.**
